GLOBAL LEADERSHIP
20 WEEKLY HOURS

LEADING FOR POSITIVE CHANGE

Based at St. Hilda's College, part of the University of Toronto's Trinity Campus, this programme helps youth build communication, leadership, and decision-making skills through expert-led lessons and specialized workshops. Students put their learning into practice by exploring how to take positive action within their CISS Toronto community and beyond. The course concludes with shared presentations on action plans they can carry forward at home.

- Students who are prepared to participate fully in class discussions, projects, and presentations.

MODULES AND THEMES

Leadership Skills	Focuses on a variety of theories and meanings of leadership. Participants will examine the evolution of different leadership styles, including an exploration of the concept from an online perspective.
Communication Skills	Students learn how to make an impact through effective expression. Concepts include conflict resolution, cross-cultural sensitivity, empathy, and the impact of media.
Problem Solving Skills	A key component to becoming an effective leader is the ability to make positive and impactful decisions. The problem solving course teaches critical thinking skills needed to design and implement innovative solutions.
Specialty workshops	Students build on their knowledge through interactive workshops. Topics may include personal development, and values exploration.
Community Blocks	The opportunity explore the concept of "community" from local and global perspectives. Students discuss the key issues and their ability to address these issues within the communities where they live, the global community, and in their immediate location at camp. Week 1: You AT HOME Week 2: You IN THE WORLD Week 3: You AT CAMP
Project Planning	Our ultimate goal is for each participant to extend their passion beyond the classroom and to demonstrate real evidence of their leadership potential. Students apply their new skills to create a project which can then be implemented in their own community. Projects are presented in the final class in week 3 of the course. Project Planning opportunities take place throughout the course.
