Student Acceptance and Placement:

- The EMSB will accept international students only at the **high school** level.
- Student placement will be determined according to space availability in our schools and to the academic program which is most appropriate for the student
- The EMSB takes into consideration your request for a particular school, however, **the final decision on any placement is determined solely by the EMSB.**
- It should also be noted that the school principal reserves the right to change the grade level or the program of the student if the English language skills are not at the appropriate level.

Secondary I to III (Grade 7 to 9)

Students applying to a high school for Secondary I to Secondary III (Grade 7 to 9) must be able to demonstrate a beginner level proficiency in English (comprehension, written and spoken).

Secondary V (Grade 11)

In Quebec, in order to receive a High School Diploma, students must have successfully accumulated 54 credits in both Secondary IV and V. The EMSB will accept only applications that have been approved by the school principal. If the application is retained, the student must be able to demonstrate an intermediate level proficiency in English (comprehension, written and spoken).

Please take note that to receive a Quebec Secondary School Diploma (*Diplôme d'études secondaire in French*) the student must have passed all of these following courses with a minimum of 60%. These courses are offered in both secondary IV (Grade 10) and secondary V (Grade 11).

Living Arrangements – Homestay

The EMSB recommends using Canada Homestay for our International Students. Canada Homestay has successfully placed over 40,000 students in safe, loving, and caring homes.

- While studying at the EMSB, the student **MUST** be directly supervised by a legal guardian. (This guardian must be able to meet with the school administration whenever required).
- The student **must live with this legal guardian**, in the same residence unit (home/apartment), for the entire time that he/she is studying at an EMSB high school.
- The EMSB does not accept that students live in a dormitory.
- The EMSB requires that each student lives in an apartment/home with an adult guardian who is keenly and actively overseeing the student's well-being, education and personal safety.
- No student must live outside his/her guardian's home/apartment, even if they turn eighteen (18) during the school year.
- The EMSB reserves the right to verify the living situation of all its international students.
- If during the school year, there is a change of guardian or custodian, the student is responsible to inform their administrative technician of these changes.
- Students living in circumstances that do not meet the requirements set out by the board, will be reported to the authorities, and risk having their schooling contract cancelled.

Should you decide to find your own homestay families, you, as the parent/agency/agent, will be responsible:

- To ensure that the students have their own private room and reside with their guardian in the same apartment or home.
- To ensure that the students are **NOT** placed in a dormitory (building) with multiple students under the supervision of a manager.
- To inspect the home to ensure all safety codes are respected and in place (fire extinguisher, smoke detectors, etc.)
- To do a police check on each family member over the age of 18.
- To ensure that the student has a proper room with a bed, desk, lamp, chair, linens, and dresser.
- To verify that the student is happy, safe, and thriving in the new environment.
- To provide the EMSB with proof (i.e. pictures of the apartment/home, police check etc.) that the homestay family meets the criteria.

Emergency Health Insurance

- The tuition fee includes an **emergency health insurance policy** in case the student becomes ill or injured and **NOT** for a pre-existing illness or injury.
- Expenses will **NOT** be covered for an illness or sickness the student already had before the start of the policy.
- The insurance also includes **Third Party Liability**. The key feature is that it provides \$1,000,000 liability coverage for students against unintended events that cause damage to a third party, including homestay and elsewhere.
- The actual policy will provide all the details for exclusions and limitations. (TBD)
